

# LOW PROFILE EGRESS PARACHUTE, 26 FT. CONICAL GUARDIAN PART NO. 821-00309-103

Complete With Automatic Parachute Ripcord Release, FXC Model 2400

BACK VIEW

FRONT VIEW

- **Steering**, 4 line release
- **Minimum Training**, similar with BA family series emergency parachute
- **Compatibility**, accommodates standard AFE configurations
- **Reduced Weight**, 19.8 lb., 20% less than BA-22 or NB-8.
- **Proven Deployment Method**, US Navy style quarter-bag.
- **Sizing**, accommodate aircrew heights of 64" to 77"

**G**uardian Parachutes' 26 Ft. Diameter Low Profile Egress Parachute System has been developed to provide a cost-effective, Emergency Bail-out parachute for aircrew members. The parachute system consists of a Quarter-bag Deployment System, 26 Ft. Conical Parachute, Quick Don Harness Assembly and an Automatic Parachute Ripcord Release, FXC Model 2400, FXC P/N 811-00357-11.

Low system cost, ease of use, minimal system weight, minimal training and user friendly operation were some of the design criteria of this system. All of the intended design criteria were met.

# LOW PROFILE EGRESS PARACHUTE, 26 FT. CONICAL
